EKPR-CRM

Concrete Markers

1.5mm (writing width)

- Bullet nib
- Instant drying
- Long lasting nib

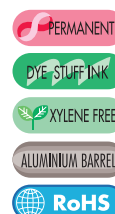

Ideal for use on rough surfaces, including concrete, brick and grout. The durable nib ensures all markings and measurements will be done with a precision line.

Ink Colors

■ 00624

\$2.29 MSRP

EKPR-BDM

Builders Markers

2.3mm (writing width)

- Bullet nib
- UV resistant

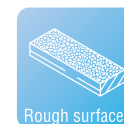

Ideal for use on wood, sandstone, styrene foam and other rough surfaces. A thick opaque paint ink ensures markings can be seen from a distance and won't fade over time.

Ink Colors

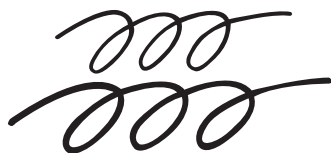

■ 00612 □ 00613

\$3.89 MSRP

EKPR-ELFT

Electricians Markers

0.4-1.0mm (writing width)

- Twin nib
- Non conductive barrel and ink

The twin ended permanent marker, with a plastic barrel in a non-conductive design has both a bullet and super fine nib. Ideal for use on plastic, wires, plasterboard and electrical tags.

Ink Colors

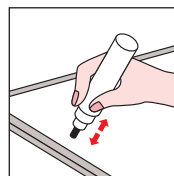

■ 00618 ■ 00619

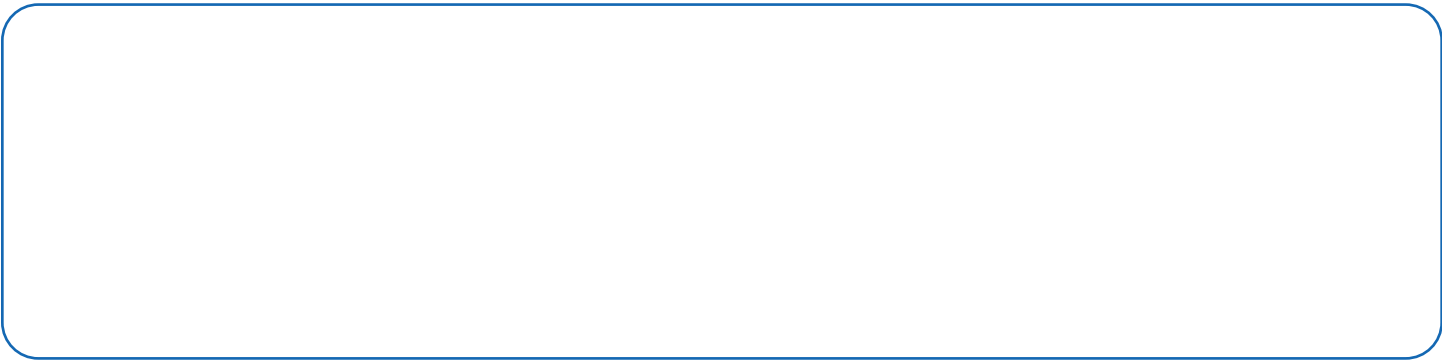

\$1.79 MSRP

INSTRUCTION FOR BUILDERS MARKER

- Before first use, remove cap and hold marker with the nib side facing up. Press down nib with your thumb once to release air.
- Replace cap and shake well.
- Depress the nib lightly a few times for sufficient ink flow.
- Do not press too hard as excessive pressure can result in blotting.
- If the ink color fades, wipe the nib with a piece of tissue paper or cloth.
